

# summer sensations

The dog days of summer are upon us, which only means one thing — a bevy of new beauty products! No beach bag is complete without them.

**DERMADOCTOR KP Duty Dermatologist Body Scrub** with chemical and physical medi-exfoliation, available at Sephora, \$36.

For dry, flaky patches and "chicken skin" this body scrub delivers medical-quality exfoliation. But beware: Stay out of the sun because your skin will be as soft — and as sensitive — as a baby's!

**YVES SAINT LAURENT Make-Up Leg Mousse**, available at Yves Saint Laurent counters, \$35. This light foam turns into an airy light veil of color, instantly giving your legs a healthy, tanned glow.

**FACE STOCKHOLM Cucumber Bubble Bath**, available at FACE Stockholm locations and 888.334.FACE, \$16.

No matter where your travels take you this summer, when you need to unwind at the end of the day this cucumber bubble bath will leave you feeling cool and refreshed.

**NARS Monoï Body Glow II**, available at NarsCosmetics.com, \$59.

This is the ultimate multi-purpose beauty oil, and may be used for daily moisture or as massage oil. It nourishes the skin and drenches the body with a soft, silky sheen and all-over glow.

**YVES SAINT LAURENT Baume d'Été Tinted Lip Balm SPF 10**, available at all Yves Saint Laurent counters, \$22.50.

YSL's tinted lip balm is a must-have at the beach this summer. It gives you a hint of natural color with an SPF 10.

**JURLIQUE Sun Lotion SPF 30+**, available at Jurlique.com, \$63.

The perfect beach companion, this non-greasy moisturizer with SPF 30 is suitable, and recommended, for all skin types.

**THIERRY MUGLER Rose Angel, Eau de Parfum Spray**, available at Saks Fifth Avenue and Bloomingdale's, \$60.

Just in time for the warmer months, an amorous fusion of rose and patchouli has emerged. This fragrant score of floral-oriental-woody notes is the perfect accessory for a midsummer night.
