Just what the skin doctor ordered!®

AIN'T misbehavin'™

Intensive skin-correcting sulfur acne mask
with phytosphingosine

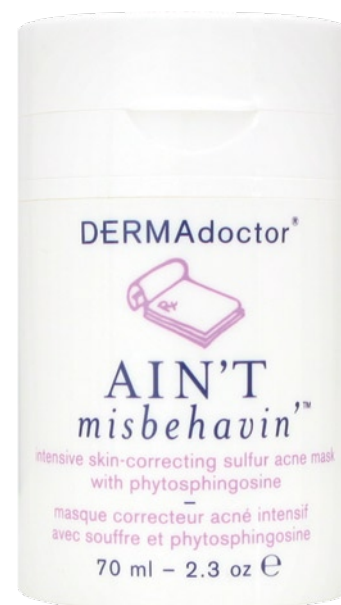

70 ml - 2.3 oz

\$45 USD

Skin Concern: Active acne blemishes, blackheads.

DERMAdoctor Solution: DERMAdoctor elevates the sulfur acne mask with the addition of Phytosphingosine as the newest agent to maximize acne-busting therapy. Recent research directly correlates a disruption in the lipid chemistry of the skin with blemish formation. This imbalance allows for bacterial colonization, growth and inflammation. A blend of Western, Chinese and Ayurvedic Medicines, this sulfur mask is phytochemically-enhanced with Phytosphingosine to correct and restore a healthy, natural skin chemistry, allowing acne blemishes to clear rapidly while helping prevent future outbreaks.

Novel formulation eliminates unpleasant drying and scent typically associated with acne masks. This refreshing, therapeutic and herbal indulgence leaves skin soothed, hydrated and corrected. **Patent Pending.**

Feature	Benefit
Sulfur 10%	The highest level of sulfur approved to kill blemish-causing bacteria and aid in exfoliation
Evodia Rutaecarpa (aka Wu Zhu Yu)	Berry extract native to China known to have powerful calming effect on inflammation in human skin
Boswellia Serrata (aka Indian Frankincense)	Resin native to India known to have soothing effect on inflammation in human skin
Phytosphingosine	A naturally occurring skin lipid bioengineered that normalizes unbalanced skin chemistry and inflammation
Natural Botanicals	Novel formulation eliminates unpleasant drying associated with acne masks. This refreshing, therapeutic and herbal indulgence leaves skin soothed, hydrated and corrected.

Inform The Consumer

- Penetrates pores to eliminate and prevent most acne blemishes.
- Can be used up to three times a week to intensively correct and restore the natural skin chemistry vital to inhibit the formation of acne blemishes.
- May be used as an overnight spot treatment for those who are sensitive to products containing Benzoyl Peroxide.

Directions

Apply a generous amount to clean, dry skin so that the skin does not show through. Avoid eye area and lips. Allow 15 minutes to dry. Rinse thoroughly with warm water. Use up to three times a week as tolerated. May cause temporary redness.

Dermatologist Tested & Approved, Allergy Tested, Non-Irritating, Non-Comedogenic, Dye Free, No Animal Testing
